

Hello Ken,

This email is a follow up of my recent visit to your facility on 8/11/2017. We would like to let you know that your facility received a **Superior** rating and the rating is good for 3 years. We expect to conduct the next audit on August 2020. We will notify Cargill Salt Transportation Group and update our approve Bulk truck washing station list to include Lancaster Tank and Truck Wash. We appreciate your time and your willingness to help us meet this important obligation as well as your commitment to support Cargill's food safety program.

Sincerely,

*Ryan Vi
Food Safety, Quality, and Regulatory Manager*
